4) Rec. and dispatched drawings noted on the

part of Halleswaram was not laid by the Drainage Division and does not form part of the comprehensive scheme sanctioned by Govt. Hence no part of the estimated expenditure can be debited to the Comprehensive Scheme. The work proposed by the municipality appears to be necessary but I think the entire expenditure has to be borne by that body. So far as I know, there is no understanding that in the case of such works the Govt would give a grant equal to a ½ ? moiety of the estimated cost

4) The Bangalore city Municipal Council has requested Government to meet a moiety of the cost of the Estimate for renewal of the Sewer line in V Cross Road, Halleswaram, Bangalore city on the ground that the work is of an original nature

5) All original works relating to the city Drainage Scheme are executed by the Drainage Division, and the expenditure in that behalf

is being borne by the Govt and the City Municipality in equal proportions

6) It is therefore for consideration if this work also, which is of an original nature may not be entrusted to the Drawing Division for execution instead of employing duplicate agencies for the purpose

Renewal of Sewer line in V Cross, Malleswaram

14) The original work of laying the sewer main appears to have been completed long ago. The question of renewing a portion of the line or deviating it has now arisen owing to its being choked up or some other cause. The defect has to be rectified by effecting suitable repairs. This cannot be treated as a new or original work.

15) Renewing small lots which have been damaged by usage, is to be considered as a repair work only and it is therefore a legitimate charge on the municipality.

SIR,

Subject - Re the sanction for meeting one-half of the cost for renewal of the Sewer line in vth Cross, Malleswaram, Bangalore City

---

I have the honour to state that the Health Officer had proposed the deviation of a short length of sewer line in the vth Cross Road, Malleswaram, at a point where it was being constantly choked on account of the penetration of the roots of nearby avenue trees on the said road The sewer line was inspected by my predecessor-in-office along with the Health Officer and the deviation of the line was found very necessary

2 The Health Officer submits also an estimate for Rs 3904/- (Rs 4,000/- in round numbers) received from the Contractor M/s M Coomaraswamy Pillay & Co , for the said work This was approved both by the Managing Committee and the Municipal Council at their meetings held on 6-10-1945 and 27-10-1945 respectively The Municipal Council have, further, resolved that, as this work is of an original nature, Government be requested to bear one half of the cost to be incurred in this connection

3 Copies of the resolutions of the Managing Committee and the Municipal Council referred to above are herein enclosed for favour of obtaining the orders of the Government to bear one half of the cost of expenditure in respect of

of the said work.

I have the honour to be,
Sir,
